

CAMBRIDGE BRANCH
Supporting Families throughout East Anglia

www.clapa-cambridge.com

www.clapa.com (HQ)

Registered Charity No: 1108160

Patron: Carol Vorderman MBE

Dr Anna Zeffertt, Consultant Clinical Psychologist (who is also our leading member) for the cleft lip and palate team, said: "CLAPA-Cambridge is doing a fantastic job to bring children with cleft lip and palate problems together who would only otherwise meet each other in the hospital clinic or ward setting. Families get a great deal out of meeting each other and sharing information. It is a good step towards breaking down some of the misconceptions that exist about the condition."

CLAPA Cambridge together with the **Cleft Lip and Palate Team** at Addenbrooke's Hospital is dedicated to support families whose children are born with a cleft across the East Anglian Region. Each year we have two main events the 'Summer' and 'Winter Wonderland' Parties that are supported by the Cleft Team at Addenbrooke's, who always find the time to come and talk to children and parents informally. Both children and parents get a great deal out of meeting other families, talking to members of the team and in generally having lots of fun. If you would like to contact one of our members for support or would like to know more about our projects please don't hesitate to give us a call or send us an email. Our contacts are medical professionals or parents whose children have a cleft or they may have a cleft themselves, so they can offer support gained through personal or professional experience. You can use any of the numbers below.
